

Online Classes Registration Form

INSTRUCTIONS

Academic Stars India is an Online Learning (RealTime) Platform. It is managed by an IITian with 30Plus years of experience. He worked as a Faculty in world-class institutions/universities in India and abroad. And also, he worked as a Corporate Manager and trainer in reputed companies in India and Abroad. He developed Online Tutorials/Web Content for various courses in Basic Education, Information Technology, Engineering and Management.

Using this form you can enrol your children who are studying Class-X during the current academic year in the neighborhood schools of BHEL Township, Ramachandrapuram, Hyderabad for Online Classes** [Live Sessions] to be conducted by Academic Stars India. It is ensured that the Timings of Online sessions will not coincide with regular /online classes conducted by the School(s).

Online Classes** currently being offered are:

- NTSE Stage 1 /Olympiads
- CBSE Information Technology Class X

It is intended to offer the above Online Classes on NO PROFIT/NO LOSS basis. Hence, Fees for the above classes will be fixed based on number of registrations and will be comparatively much lower than the fees charged by others.

An early bird discount in fee* will be given as below:

- First 1-5 Registrations done in a batch20%
- 6-10 Registrations done in a batch.....15%
- 10-15 Registrations done in a batch..... 10%

* Course Fee particulars and Payment Methods will be mailed to shortlisted candidates as soon as 50 registrations per course per batch are done.

**A referral discount / cash back of Rs.250/- will be given for each successful reference made by you.

** All enrolled students shall be given an option to attend the Class Room (Offline) Sessions which will be held within the vicinity of BHEL Township.

Other Online/Offline Classes likely to be offered during the academic year are:

- CBSE/TS Class X Mathematics**
- CBSE/TS Class X Science**
- POLYCET 2021**
- IIT/NEET Foundation Course**
- Spoken and Writing English**
- Computer Programming using C Language**
